主席獻辭

本會自一九九三年成立以來，服務不斷擴展。原有會址如心服務中心已不敷應用。本人因此再向地政總署申請毗鄰的官地，擴建會所。蒙特區政府批准，於是開始籌募建築經費。首向新鴻基集團郭炳湘先生捐募，獲郭先生支持並向郭得勝夫人鄺肖卿女士及郭得勝基金推薦，捐出一千三百萬元作為建築工程、傢俱及器材費用，定名為香港婦協郭得勝服務中心。鑒於本人希望在原址建造一所新概念的21世紀會所，因此禮聘本港知名建築設計師何周禮，請他就本人這個意念創新設計，聯同籌建委員會及工程小組精心策劃。經過一年的努力，全新的會所終於2010年底建成。整座會所設計時尚、色澤悅目、佈置優雅、光潔明亮，不單刷新天橋底建築物的形象，更成為當區突出的地標。

今後本會除繼續關心婦女福祉、家庭和諧、民生政策、社會安寧及加強培訓婦女及青年領袖外，更會衝出香港，與世界各國婦女組織進行交流活動，達至「背靠祖國，立足香港，面向世界」的三大目標。

本人謹在此衷心感激各主禮嘉賓今天光臨主持開幕禮，各位來賓的到賀，並再一次熱切感謝郭得勝基金的支持，同時多謝所有捐助中心發展基金的熱心人士，各位為香港婦協的發展豎立了一個新的里程碑。

新服務中心籌建委員會由副主席兼首席名譽會長廖湯慧靄為正召集人，雷羅慧洪首席名譽會長為副召集人，執委鄺心怡為義務項目經理，本人亦謹代表香港婦協多謝工程團隊的努力。

祝各位身體健康，生活愉快！

Message from the Chairperson

Since the founding of the Hong Kong Federation of Women in 1993, our service to the community has grown extensively. In order to meet the public's massive demand for our services, I sought support from the District Land Office for granting us the adjacent plot of land for building a new centre which would cater well to the public's needs for many years to come. Our application for this piece of land was subsequently approved, and we would like to express our heartful appreciation and gratitude to the Government for supporting our service to the community.

In our next stage of fundraising for construction of the centre, I spoke to Mr. Walter Kwok of the Sun Hung Kai Group, who was kind enough to support us by recommending us to Mrs. Kwok Kwong Siu Hing and the T.S. Kwok Foundation. We were overwhelmed by the foundation's generous donation of HK$13,000,000 for the centre's construction and the purchase of equipment and furniture. We are proud to announce the naming of our new centre as the "Hong Kong Federation of Women T.S. Kwok Service Centre", which to our expectation will be a women's centre of the 21st century.

Throughout the design and construction of the centre, Mr. Barrie Ho, a prominent and outstanding architectural designer of the HKSAR, served as our project architect and designer. The new centre was completed in late 2010 after twelve months of hard work by the construction team working closely with Mr. Ho. The new centre shines proudly like a jewel amongst the hustle and bustle of Canal Road and has become a significant "Landmark" under the Canal Road flyover of Wan Chai and Causeway Bay.

Hong Kong Federation of Women will continue to serve the community by caring for women's interests, fostering harmonious families, and suggesting policies for improved living of the general public and the betterment of society. In addition, we aspire to continue to reach out to Mainland China and the rest of the world, further facilitating exchange among women organizations. We will continue to work hard in all of our forthcoming programmes in order to achieve our mission: "Embrace our beloved country, Strengthen our roots in Hong Kong, with an Eye on the World".

I am grateful to all Honourable Guests who are here to officiate the opening ceremony of the centre today ; and most important of all, with support from the T.S. Kwok Foundation we have made our dream come true - building a women's centre of the 21st century. Finally I would like to express gratitude to the donors of Hong Kong Federation of Women T.S. Kwok Service Centre Development Fund and thus helped set another milestone for the Federation.

Lastly, I would like to acknowledge the hard work of the Service Centre Construction Committee headed by Mrs. Rita Liu as the Convenor, Mrs. Kathryn Louey as the Deputy Convenor and Ms. Anna Kwong as the Hon. Project Manager who have helped build the centre successfully.

I Wish you all a happy and healthy life.

KWOK Tak-seng (1911 – 1990) founded Sun Hung Kai Properties. He was born in 1911 and immigrated to Hong Kong after World War II. He formed the Hung Cheong Company in 1952 to wholesale imported goods, and in the 1960s Mr. Kwok got into the real estate and property business and founded the Sun Hung Kai Enterprises Company. The company was restructured as Sun Hung Kai Properties with Mr. Kwok as chairman in 1972 and was publicly listed the same year.

Mr. Kwok was a diligent, honest man who managed the company with an aggressive yet level-headed and innovative mindset. His company was a pioneer in the industry and raised living standards for people in Hong Kong by developing many high-quality property projects.

In addition to being a businessman, Mr. Kwok was a generous philanthropist who gave much to his homeland and society via different charitable works. He funded the construction of the Kwok Tak Seng Heart Centre at Grantham Hospital in 1978, donated HK$16 million to build the Dr. Sun Yat-sen Memorial Hall in Shiqi, Zhongshan in 1982 and contributed a further HK$20 million to set up a maintenance fund for the Hall in 2004. He also donated HK$25 million in 1987 to build the Kwok Tak Seng Catholic Secondary School.

Mr. Kwok established the T.S. Kwok Foundation in 1988 to better manage his charity works. The Foundation donated HK$40 million for the construction of the Huadu Kwong Wai-yuk Memorial Secondary School in Guangzhou in 1995 and in 2005 it aided the Open University of Hong Kong's campus expansion with HK$40 million.

Mr. Kwok was awarded an Order of the British Empire in 1986 by Queen Elizabeth, and in September 1989 the Zhongshan Municipal Government conferred the title of Honorary Citizen of Zhongshan City upon him in recognition of his significant contribution to the development of the city.

The younger Kwoks embraced their father's ideal of 'building homes with heart' and caring for society, and established the SHKP-Kwoks' Foundation charity in 2002. This is a non-profit organization in Hong Kong committed to developing talent and building a stronger China. China will need a substantial number of people with the latest knowledge in various fields if it is to sustain its ascension on the international stage. The SHKP-Kwoks' Foundation helps the country build this capacity by providing sponsorship, training and awards, primarily in the fields of education and culture. It runs scholarship programmes at over 20 prestigious mainland and local institutions and education bureaus, and has sponsored over 5,000 mainland students so far. The SHKP-Kwoks' Foundation has committed to donations totaling nearly RMB 700 million since its establishment.

The T.S. Kwok Foundation also donated HK$13 million to the Hong Kong Federation of Women to establish the T.S. Kwok Service Centre to promote women's welfare, retraining, well-being and social harmony.

香港婦協郭得勝服務中心設計概念

項目背景

於人煙稠密的都市，例如香港，「靈活活化」已成為一個熱門討論話題。如何靈活活化棄置空間，需要不少創新意念和創意，而橋底下的空間是其中一種值得探討的空間。

此項目希望能夠為香港樹立一個案例，展現靈活活化的無限可能性，從而重新思索香港其他棄置空間例如干諾道天橋下的空間、或東區走廊下等空間的新可能性。

此項目先由拆毀現有建築物開始，再發展至新翼的加建，造就長約70米的長型建築。

中心的新設施

新總部連同郭得勝服務中心，建築佔地9,500平方呎。這座單層建築包羅各種設施：除了行政辦公區域、秘書處外，禮堂、展覽廊、培訓室、電腦室、資源中心等一一齊備，於未來更方便婦協為其會員及大眾市民開拓及舉辦更多活動。

透視性

這座橋底下的新建築，以強烈的空間感及透視感作為設計的主線，利用玻璃外牆擴大視角、引進陽光之餘，亦將婦協鮮明開放的形象於建築上展現出來。事實上，中心亦於日常運作上實行高透明度。

空間新思維

位於灣仔及銅鑼灣的堅拿道天橋穿越整個灣仔區，途經之處都是繁華鬧市，有各樣商舖及民居。靈活活化棄置空間，不但美化城區，亦將從前分隔了的城市脈絡重新連接起來。這次項目的規模之大，在同類中實屬罕見，更成功地為香港展示了棄置空間的多樣性，為香港提供一個地道適切的空間方案。

HKFW T.S. Kwok Service Centre Design Concept

Background of the Project

In a densely populated city like Hong Kong "Adaptive Reuse" is a hot topic to be explored. Leftover spaces underneath flyovers are one such type of space worth exploring, one that yields much Innovation and Creativity.

This project aims to create or demonstrate a Role Model in exploring leftover spaces in the city, such as those underneath the Connaught Road flyover and the Eastern Corridor, and other forms of leftover spaces, inspiring future considerations.

The captioned project began with the Demolition of an existing premises and a proposed new extension of the Centre from Site A to Site B, giving rise to a Linear Architecture of some 70 metres long.

New Accommodations of the Centre

The new T.S. Kwok Service Centre, together with the adjacent existing Headquarters occupies 9,500sq.ft. across one single floor. The new architecture under the bridge harbours a variety of facilities. Apart from the administrative areas, the secretariat office, the conference hall, display gallery, training room, computer room, resources centre are some new additions to the Headquarters, functions that open up possibilities for the Federation to organize and host more activities for its members, organizations and the general public.

Increasing "Literal Transparency"

Designed to exemplify literal transparency, rather than reinforcing a "Black Box" underneath the Flyover, glass was employed extensively. Maximised natural lighting penetrating into the interiors is thus allowed. The Centre also exhibits a figurative transparency.

New Spatial Solution

The location of the Canal Road flyover cuts through the whole Wanchai district and where it runs through are all prime areas of livelihoods and businesses. Regenerating the leftover space under this bridge beautifies the area as much as it reconnects the urban fabrics running on either sides. Unprecedented in Hong Kong on such an extensive scale, this project has successfully demonstrated the flexibility and adaptability of leftover spaces, offering a model of spatial solution vernacular to Hong Kong.
